Brief Intro

I am a Postdoctoral Fellow in the Department of Electrical and Electronic Engineering at The Hong Kong Polytechnic University.

My research interests include image/video processing, restoration and enhancement (e.g., image/video super-resolution, image/video denoising, high dynamic range imaging, etc.), and deep generative models, including diffusion models and flow matching, as well as topics related to AI-generated content (AIGC).

I am legally authorized to work in Mainland China, Hong Kong, and Canada. I am open to considering opportunities in other locations, provided that a working visa sponsorship is available.

Education

Ph.D., The Hong Kong Polytechnic University

Hong Kong

Full scholarship, Department of Electronic and Information Engineering, Supervised by Prof. Kin-Man Lam

Sep. 2018 - Sep. 2022

- **Thesis topic:** Machine Learning for Image Super-resolution in Real-world Applications

Master, The Hong Kong Polytechnic University

Hong Kong

MSc in Electronic and Information Engineering (**Distinction**), Supervised by Prof. Kin-Man Lam

Sep. 2016 - Mar. 2018

- **Award:** The Outstanding Post-graduate Student Scholarship. (**Top 5%**)

Bachelor, Guangdong University of Technology

Guangzhou, China

BEng in Telecommunication Engineering

Sep. 2012 - Jun. 2016

- **Award:** The Outstanding Student Scholarships. (**Top 5%**)

Working Experience

Postdoctoral Fellow, The Hong Kong Polytechnic University

Hong Kong

Full-time, Grant by Research Talent Hub, Supervised by Prof. Kin-Man Lam

Oct. 2022-Present

- **Research topics:** implicit representation learning and SDE-based generative models for image/video processing.

Computer Vision Researcher, Microsoft Research Asia (MSRA)

Shanghai, China

Internship, mentors: Xinyang Jiang and Dongsheng Li

Sep. 2021-Jan. 2022

- Responsible for the project “online video restoration and enhancement system”; Accelerate the processing speed of online video products; Publish a high-quality paper in IEEE Transaction on Multimedia.
- **Award:** MSRA Stars of Tomorrow (Award of Excellent Intern, **Top-5%**)

Academic Experience

- **Regular Reviewer:**

- Journals:
 - * IEEE Transactions on Circuits and Systems for Video Technology
 - * Pattern Recognition
 - * Knowledge-based Systems
 - * Information Fusion
- Conferences
 - * European Conference on Computer Vision (ECCV): 2024
 - * ACM Conference on Multimedia (ACM-MM): 2022, 2023, 2024
 - * Asia Conference on Computer Vision (ACCV), 2022
 - * Winter Conference on Applications of Computer Vision (WACV): 2022, 2024
 - * IEEE International Conference on Acoustics, Speech and Signal Processing (ICASSP): 2023
 - * IEEE International Conference on Visual Communications and Image Processing (VCIP): 2020, 2022.

Professional Skills

Programming Skills Python (proficient), Matlab, C++, Pytorch (proficient), Microsoft Azure (proficient), Spark, Scikit-Learn (proficient), SQL.

Languages Mandarin (native speaker), Cantonese (native speaker), English
